Privacy Notice – Governors of the School

The EU General Data Protection Regulation (GDPR) includes rules on giving privacy information to those whose data is held by an organisation (data subjects). These are more detailed and specific than in the Data Protection Act and place an emphasis on making privacy notices understandable and accessible. Data controllers are expected to take 'appropriate measures' to ensure that this is the case.

The school interprets this as using very clear language to outline each of the responsibilities for each of the data subject groups.

The GDPR says that the information provided to data subjects about how the school processes their personal data must be:

- concise, transparent, intelligible and easily accessible;
- written in clear and plain language, particularly if addressed to a child; and
- free of charge.

This privacy notice will be provided to you at the time your data is being obtained, if it is being obtained directly.

Why we process your data

Data will be processed for the purposes of responding to requests for information about joining the Board of the school and the school will therefore have a "legitimate interest" for processing basic personal data and, if necessary, sensitive personal data. The data the school holds will be the minimum it requires.

We see the provision of personal data as necessary to safeguard you and the school as it will allow the necessary checks to be made.

There is no automated decision making or profiling involved in this data stream into and through the school.
