## Privacy Notice – Parents (or guardians) of children at the school, or applying to join the school

The EU General Data Protection Regulation (GDPR) includes rules on giving privacy information to those whose data is held by an organisation (data subjects). These are more detailed and specific than in the Data Protection Act and place an emphasis on making privacy notices understandable and accessible. Data controllers are expected to take 'appropriate measures' to ensure that this is the case.

The school interprets this as using very clear language to outline each of the responsibilities for each of the data subject groups.

The GDPR says that the information provided to data subjects about how the school processes their personal data must be:

- concise, transparent, intelligible and easily accessible;
- written in clear and plain language, particularly if addressed to a child; and
- free of charge.

This privacy notice will be provided to you at the time your data is being obtained, if it is being obtained directly.

### **Why we process your data**

Data will be processed for the purposes of responding to requests for information about joining the school and the school will therefore have a "legitimate interest" for processing basic personal data and sensitive personal data. The data the school holds will be the minimum it requires to form and maintain the contract between you and the school.

We see the provision of personal data as necessary to properly admit your child to the school and to administer, and for the school to fulfil its obligations under the contract once your child is a pupil here.

There is no automated decision making or profiling involved in this data stream into and through the school.

### **Who we may share your data with**

- IT Contractor – Assist Networks
- IT software providers – iSAMS, CEM, Linguascope, Microsoft Office 365, Mathletics,

It is not necessary for data to be shared with other countries. The exception to this will be international trips that the school organises, should this be envisaged for your child, you will be contacted for your consent, the consent will be limited in time and content if it be required.

### **How long we may hold your data**

The retention period for pupil data will be until the pupil reaches the age of 25, [and / or be modified by any other legal obligation the school finds itself under.]

### **Your rights**

You have the right to withdraw your consent to data processing at any time, however this will only apply to certain groups of data for which you have given particular consent.
